

Yousef Ayman

Frontend Developer

✉ yousef.ayman.dev@gmail.com — 📞 +20-155-630-4388 — [🌐 LinkedIn](#) — [🐙 GitHub](#) — [🌐 Portfolio](#)

Summary

Junior Frontend Developer with hands-on experience delivering responsive, multi-language web applications using React.js, Next.js, and Tailwind CSS. Skilled in building production-ready UIs with a focus on performance, accessibility, and SEO. Proficient in API integration using React Query and Axios, payment gateways, and third-party services. Experienced with TypeScript and modern component libraries like Shadcn UI. Adept at collaborating in agile teams to deliver scalable, maintainable solutions for e-commerce, healthcare, and corporate clients, consistently producing clean and optimized code.

Experience

Self-Employed

Mar 2025 – Present

Freelance Frontend Developer

Remote

- Delivered custom landing pages, e-commerce websites, and UI for a health-tech AI platform to 25+ clients across diverse industries.
- Developed scalable frontend solutions using React.js, Next.js, Tailwind CSS, TypeScript, React Query, Axios, Firebase, Stripe, and Shadcn UI.
- Integrated multi-language support (English, Arabic, Spanish) and secure payment gateways, enhancing accessibility and user trust.
- Maintained strong client satisfaction with 100% 5-star reviews and a 70%+ return client rate on Khamsat and Freelancer.com.
- Collaborated directly with clients to deliver solutions that drove measurable business growth and improved conversion rates.

Almdrasa

May 2024 – Mar 2025

Frontend Developer Intern

Remote

- Built and deployed 20+ production-ready projects using React.js, Tailwind CSS, and SCSS.
- Integrated multi-language support, improving accessibility and expanding user reach across international markets.
- Enhanced UI responsiveness and performance, reducing page load times by 20% through code optimization.
- Integrated Stripe payment processing, handling secure transactions for over 100 daily active users.
- Implemented real-time data fetching via RESTful APIs, boosting user interactivity and engagement.

Projects

TalentBridge (Educational Assessment Platform) | *Next.js 15, TypeScript, Tailwind CSS, next-intl*

- Developed a comprehensive educational platform for identifying twice-exceptional students (gifted with learning challenges).
- Implemented evidence-based assessment forms for teachers and parents with instant scoring system and PDF report generation.
- Built with Next.js 15 App Router and TypeScript for type-safe development and optimal performance.
- Integrated bilingual support (English/Arabic) with full RTL layout and culturally appropriate translations.
- Achieved 90+ Lighthouse performance score through optimized code splitting and image delivery.

MELCO (Client Project – Safety Equipment Platform) | *Next.js 15, TypeScript, Tailwind CSS, next-intl*

- Developed a comprehensive e-commerce platform for a leading Saudi Arabian safety equipment provider with multi-page architecture.
- Built complete product catalog system with 7+ categories, individual product pages, WhatsApp integration, and quote request forms.
- Architected enterprise-level pages including governance, board members, careers, news sections, and contact forms using Next.js 15 App Router.
- Implemented bilingual interface (English/Arabic) with next-intl, automatic RTL/LTR switching, and localized routing.

- Leveraged Turbopack and Next.js Image optimization for enhanced performance and fast production builds.
